PREFACE

This report is one in a series on Soviet Ground Force and Logistic installations being prepared for a DIA/CIA Panel. The series is being coordinated, published and disseminated by NPIC. The photographic analysis is being performed by the NPIC Photographic Analysis Group, the CIA Photographic Intelligence Division (NPIC), and the Production Center 1P1a (DIA). The photographic analysis for this particular report was performed by the NPIC Photographic Analysis Group.

In the interest of uniformity, the titles and letter designators for the facilities observed at these installations are identical with those appearing in the project requirement. When a specific facility is not observed both its title and letter designator are omitted in the report.

Titles and letter designators for the various facilities are as follows: (A) railroad service, (B) road service, (C) landing strips, (D) administrative and troop housing areas, (E) storage areas, (F) ammunition storage areas, (G) POL storage areas, (H) other buildings and facilities, (J) equipment storage/maintenance areas, (K) athletic fields, (L) small arms firing ranges, (M) driver training areas, (N) tank/assault gun firing ranges, (P) flat trajectory firing ranges, (Q) artillery emplacements (batteries), (R) infantry or combined arms field training area or courses, (S) special training facilities, (T) unidentified facilities or tracking activity.

SUMMARY

A secured storage area is located on the southern edge of Staraya Toropa (Figure 1). The military significance of this installation is undetermined.

The installation covers approximately 70 acres and includes 1 probable administration building, 22 storage buildings, 1 probable vehicle

shed, and 5 support buildings (Figures 2 and 3).

The installation was covered on KEYHOLE missions [REDACTED]

Comparative analysis reveals that the installation was occupied and active during this period. No significant changes were observed.

25X1D

25X1D

DESCRIPTION OF INSTALLATION

Railroad Service

Two rail spurs terminate in the secured storage area. A third rail spur continues through the storage area southward where it is under construction for approximately 3 kilometers (km).

Road Service

Probable all-weather secondary roads provide access to Staraya Toropa.

General Storage Area

Area E contains 22 rail-served storage buildings and 4 support buildings. Track activ-

ity indicates occupancy of all the buildings.

POL Storage Areas

Staraya Toropa Petroleum storage [REDACTED] containing 3 or more medium POL tanks, is 0.5 km east. Vegetation precludes determination of additional tanks or facilities.

25X1A

25X1A

Equipment Storage/Maintenance Area

Area J contains 1 L-shaped probable vehicle shed measuring 100 by 40 feet with a 50-by 40-foot wing, 1 probable administration building, and 1 support building. Track activity indicates usage of this area.
